

Clean Gone Mean

Glucifer

Got it messy baby I'm runnin I'm runnin
So fasty baby I'm gunnin I'm gunnin
Godamn nasty and I'm iced now know what i mean

It was a cleanie baby now I'm stressy I'm stressy
Such a meanie baby I'm messy so messy
Bad scenie baby and I'm facin up a batted bean

Got the shakes now and I'm soaked right thru
Put on the motherfuckin break now or I'll be comin for you

Got up to do it but now I'm down
He fucked it up up now just too messy all around
Goddamn the fumble gonna slash my face
I'll be forever haunted gonna need some grace

Drained out and barfin' tell you I'm shitty I'm shitty
As a dwarf in godammn scyscraper city
Time to quit it time to cut it loose

Too long on the edge now makin me freaky so freaky
Creep crawlin so low such a naggin little weakie
I'm breakin' it up now and I'm payin the dues
