

# Drunk And Pompous

Gluecifer

I got 'em horny feet  
You got the epic beat  
Wanna make' em cream  
You wanna make' em dream  
Coz I was born to shout  
and tell' em all what it's really about  
No time for liberation baby  
It's time to let the beastly out

Ain't it sweet now  
to walk the shitty street now  
What a blast  
coz i love it fast

Sweet liberation with a twist  
coz in a cool world I exist  
Gonna pull my shutters down  
gonna kick it all around  
coz I'm a black belt master fightin' with a velvet fist

I'm a screamer you're a dreamer- so whatcha gonna do  
Gonna push that thing till they're beggin for a hefty screw  
I'll be a fire-breathin' boy  
with a thousand db ploy  
Gonna breathe some fire fire baby coz I'm pissed

Yeah I was born to rule  
You's born to drool  
Ain't takin' no goddammn shit  
Got a suit with the snuggest fit  
And you might say I'm bad  
Nothin' but a fad  
But I'm on a quest  
Baby I'm posessed
