

Drunk And Pompous

Gluecifer

I got 'em horny feet
You got the epic beat
Wanna make' em cream
You wanna make' em dream
Coz I was born to shout
and tell' em all what it's really about
No time for liberation baby
It's time to let the beastly out

Ain't it sweet now
to walk the shitty street now
What a blast
coz i love it fast

Sweet liberation with a twist
coz in a cool world I exist
Gonna pull my shutters down
gonna kick it all around
coz I'm a black belt master fightin' with a velvet fist

I'm a screamer you're a dreamer- so whatcha gonna do
Gonna push that thing till they're beggin for a hefty screw
I'll be a fire-breathin' boy
with a thousand db ploy
Gonna breathe some fire fire baby coz I'm pissed

Yeah I was born to rule
You's born to drool
Ain't takin' no goddamn shit
Got a suit with the snuggest fit
And you might say I'm bad
Nothin' but a fad
But I'm on a quest
Baby I'm possessed
