

# Shaking So Bad

Gluecifer

It was a long long hour in a long long year  
It took a time to get out of the rut  
And now the long gone power got you bendin' over  
And it's time to get out of the rut

I said, Can this night go on??  
I said, Can this night go on and on and on and on??

And on to the next you are heading right in for the crash  
And the burn and the fear  
On to the door where the lock is all locked  
Going on to a long, long year

Think you're goin' in the right direction  
Curling up, shakin' like a leave from the time that you had  
Think you're done with the night infection  
But you're shaking so bad, shaking so bad  
(Shaking so bad, shaking so bad)

You took a long turn left  
'Cause you want to take a drink from that stream  
Took a long turn left, left  
Your eye open in the middle of a bad, bad dream

Now is the kill time  
Yeah, the kill time  
You wanna make it a kill time

Got your eyes fixed into the open  
Got it working like a machine  
I got you tense like an antelope  
And it's shaking so bad, shaking so bad  
Shaking so bad, shaking so bad

One of these days  
You're gonna lose control and let it go  
You got your ways  
But they ain't healing your soul and you know

Well, it's a tremble so bad  
It's tearing up your joints  
You got the effort  
But you ain't getting the point

Shaking so bad  
And you know why it just had to be so  
Shaking so bad  
And you can't lose it even if you try, no

One of these days  
You're gonna lose control and let it go  
You got your ways  
But they ain't healing your soul and you know

One of these days  
You're gonna lose control and let it go  
I said, you got your ways

But they ain't healing your soul and you know

You got your ways

But they ain't healing your soul and

In fact you the only thing you know is that you're

Shaking so bad, shaking so bad

Shaking so bad, shaking so bad
