

# Open Book

Gnarls Barkley

Eyes fill with fire  
Wish I was a better liar  
It hurts when it's happening  
And so I cry

The winter is here and colder  
I guess that I could have told ya  
That I am safe and warm  
From the hell inside

Karma (Karma)  
Take me (Take me)  
Karma (Karma)  
Break me  
I am an open book

The drumbeat of my heart is tribal  
Oh the sweet sound of survival  
Shouts serenade  
This voice forever more

The sun would have to be frozen  
For anything out there opposing  
Got to be left in it's own blood  
On the jungle floor

(War)  
Karma (Karma)  
Take me (Take me)  
Karma (Karma)  
Break me  
I am an open book  
An open book

When I sing a song of peace  
It soothes the savage beast  
Even it understands  
That I understand at least

So you mortals must keep this in mind  
This is the way I'm designed  
And I have no power  
So I'll only die one time

Karma (Karma)  
Kill me  
You have (Karma)  
To kill me  
I am an open book  
An open book
