

# Who Cares?

Gnarls Barkley

Basically I'm complicated  
I have a hard time taking the easy way  
I wouldn't call it schizophrenia  
But I'll be at least 2 people today

If that's okay

And I can go on and on and on... but who cares?

It's deep how you can be so shallow  
And I'm afraid cause I have no fear  
And I didn't believe in magic  
Until I watched you disappear

I wish you where here

And I can go on and on and on... but who cares?

You see, everybody is somebody  
But nobody wants to be themselves  
and If I ever wanted to understand me  
I'll have to talk to someone else

Cause every little bit helps

And I can go on and on and on... but who cares?

Feels like... the surreal life  
But it's still nice  
Wish I could live twice  
but I still might  
if these bones heal right  
I see a little light  
though it's still night

Feels like... surreal like  
But its still nice  
Wish I could live twice  
but I still might  
if these bones heal right  
I see a little light  
though it's still night

And I can go on and on and on... but who cares?

And I can go on and on and on... but who cares?
