

Let's watch TV with the sound off  
'Cause the news is always bad  
Let's be immature and ignorant  
'Cause I don't feel like being sad

I wonder if the last generation was better  
I wonder if the next one's going to hell  
Am I the solution, am I the problem?  
'Cause sometimes I can't tell

I don't know what the point is  
Just know I've been disappointed  
Each night and every mornin'  
And I don't wanna play no more

Let's stay in our pajamas  
Let's not leave the house  
It's been real bad lately  
But I feel pretty good right now  
With you laying with me on the couch  
Nobody understands us  
And I don't understand it  
Let's stay in our pajamas

It's a little overwhelming  
When you put it in perspective  
That life is just a bunch of memories  
That we've tattered and collected

I wonder if the trees think we're all greedy  
If the air thinks we're all crooks  
If the water thinks we're too needy  
If the sun gives us dirty looks

I don't know what the point is  
Just know I've been disappointed  
Each night and every mornin'  
And I don't wanna play no more

Let's stay in our pajamas  
Let's not leave the house  
It's been real bad lately  
But I feel pretty good right now  
With you laying with me on the couch  
Nobody understands us  
And I don't understand it  
Let's stay in our pajamas

Don't get stressed, don't get dressed  
Let's stay in our pajamas  
Don't get stressed, don't get dressed  
Let's stay in our pajamas

No worries, no cares, don't go down the stairs  
I'm here and I'll hold ya  
Don't get stressed, don't get dressed  
Let's stay in our pajamas

Let's stay in our pajamas  
Let's not leave the house  
It's been real bad lately  
But I feel pretty good right now  
With you laying with me on the couch  
Nobody understands us  
And I don't understand it  
Let's stay in our pajamas
