## t-shirt

Oh, oh, oh, oh Oh, oh, oh, oh

Faded red, short sleeves I can't forget the way you looked without your jeans on It's in my drawer and you're all I dream, so I had to let you know you left it here with me

It kills me to admit that I still want this bad And I try to forget all the feelings I had But each time that I look in my closet I can't Cause I've still got your T-shirt, do you want it back?

I gave you love and all you did was leave first Then you told me that I shouldn't be hurt I try to hide it but it couldn't be worse You broke my heart and all I got was this T-shirt

Something 'bout the way I love you seems cursed But I've learned karma tends to be a b-word So I hope you get everything you deserve You broke my heart and all I got was this T-shirt

T-shirt, this T-shirt You broke my heart and all I got was this T-shirt

I'd burn it in a fire if I didn't know the smell I'd bury it 6 feet deep if that would help I'd hold onto it longer, but you don't like being held So I'd really like to see you So that maybe I could tell you

It kills me to admit that I still want this bad And I try to forget all the feelings I had But each time that I look in my closet I can't Cause I've still got your T-shirt, do you want it back?

I gave you love and all you did was leave first Then you told me that I shouldn't be hurt I try to hide it but it couldn't be worse You broke my heart and all I got was this T-shirt

Something 'bout the way I love you seems cursed But I've learned karma tends to be a b-word So I hope you get everything you deserve You broke my heart and all I got was this T-shirt

T-shirt, this T-shirt You broke my heart and all I got was this T-shirt

Maybe this time you could take one of mine And maybe this time everything would be fine So maybe tonight we could wrong all our rights So maybe it's time we should give it a try

I gave you love and all you did was leave first Then you told me that I shouldn't be hurt
