Gnash

Tell me it's okay  
Tell me it's okay  
Tell me it's okay  
Tell me it's okay (to be happy now)  
Tell me it's okay (because I'm happy now)  
Tell me it's okay

Hey  
I think I might move on to something new  
But only if you say that's cool with you  
Cause I love all the little things you do (I mean did)  
Cause  
I begged you to show up  
And I asked you to stay  
You told me to grow up  
So I pushed you away  
I tell you "you know what"  
And we fought once again  
Then we got back together  
Who's kidding who, it's a trend  
Because  
I like being alone  
But I don't like being lonely  
I like being home  
But I don't like being homies  
You know I'm so sorry  
For making you feel you lost me  
We're two unstable enablers  
Please try not to be salty  
Because  
All this time and all these tries  
Leave questions open ended  
And I would rather die  
Than try to live with this resentment  
So we could try just one more time  
To make sure that we meant it  
Or we could cut our losses  
Before we blow up and dead it  
So

Tell me it's okay  
Tell me it's okay  
Tell me it's okay  
Tell me it's okay (to be happy now)  
Tell me it's okay (because I'm happy now)  
Tell me it's okay

Hey  
It's okay to say you're not okay  
It's not okay to turn and walk away  
We've got problems that we need to face  
If you love me, then say it  
If you trust me, then show it  
If you don't mean it, save it  
If you do mean it, own it  
You gotta be happy alone  
To be happy together

You gotta lose something u know  
To learn how to get better  
I've been working, you've been hurting  
I've been curving, you've been swerving  
I've been sleeping, you've been creeping  
Now you got me creeped, I'm leaving  
I think about you  
I dream about you  
I smile about you  
I cry about you  
I lie about you  
I'm fine without you  
I lied that's not true  
I'd die without you  
Our love is a war, we use words as our weapons  
So either you're real or I'm gone in a second  
These thoughts that we have and these feelings we kept in  
Make resent and regret, upset and a severance  
You don't fuck with ultimatums  
Have to face it  
Loves contagious  
Also dangerous  
Leaves you damaged  
Make it painless  
Now don't make sense  
Tried to saved it  
Please please please

Tell me it's okay  
Please please please  
Tell me it's okay  
Please please please  
Tell me it's okay  
Tell me it's okay (to be happy now)  
Tell me it's okay (because I'm happy now)  
Tell me it's okay

Tell me it's okay (to be happy now)  
Tell me it's okay (because I'm happy now)  
Tell me it's okay  
Tell me it's okay  
To be happy now  
Because I'm happy now  
Tell me it's okay
