Gnash

I need emotion novocaine, I need a numbing of my brain  
I need somethin' to take away the remains of your name  
I need amnesia for a day and an umbrella for the rain  
That hasn't gone away since you said you didn't need me

Lately  
Been thinking maybe  
There's a place we  
Won't feel so crazy

Then in a hazy  
Mid-morning daydream  
I found a shady  
Spot that they saved me

They said  
"Come be the newest member of The Broken Hearts Club  
We hate every little thing about the people that we love  
We're the let-down, we're the lied-to, where the lost go when it finds you  
Where the lonely make the lonely feel less lonely, and we're dying to  
Invite you to stay, and take away the pain  
'Cause misery loves company, so hey, what do you say?"

& at first i wasn't sure  
If there's even a cure  
For what i'm feeling cuz what i'm feeling's  
Been feeling more & more absurd  
The repeating in my head  
Of every last word that u said  
Feels like ever since u left  
U still won't leave me

And lately, been thinkin' maybe  
There might be a place we won't feel so crazy  
For changing the way you made me  
And in a daydream, I let them save me

I'm the newest member of The Broken Hearts Club  
We hate every little thing about the people that we love  
We're the let-down, we're the lied-to, where the lost go when it finds you  
Where the lonely make the lonely feel less lonely, and we're dying to  
Invite you to stay, and take away the pain  
'Cause misery loves company, so hey, what do you say?

I guess if you can't beat 'em, join 'em  
That's what they always say  
Let's go inside, let's coincide  
& all commiserate

Singin', we're the newest members of The Broken Hearts Club  
We still feel pretty lonely & we wish we didn't, but  
We're the newest members of The Broken Hearts Club  
& we all kinda hate it, but it's easier than love
