

Hold Forever

Go Back to the Zoo

Walking down by the waterside
wanna hold you
and I know yes I know
it's always you
I want to be with you pretty face
eyes girl angel
I would die if I dont have you'
I would die without you

I cannot help that I'm in love
with you forever

you told me what it meant for you
the first time when we were together
and I know, I said I would be
everything you wanted
but it's so hard
I would die without you

Wake up to a dream
that's never ending
you and I we'll always stay together
come back to me
and say you'll stay forever
I would die for you
