

I Lov It

Go Back to the Zoo

little by little, we fucked it up
little by little, until we had enough
well maybe we're crazy

we ain't too proud to be fuckin around
we get up on the roof until they get us down
well maybe 2x

we came here to start a war 7x

things are getting ugly as the rumor spread
they say these city kids are full of arrogance
well maybe 2x

we ain't too proud to be talked about
but these stakkerfaces they got nothing else
well maybe 2x

we came here to start a war 7x

we came here to start a war 8x
