

## Oh No (we Stayed)

Go Back to the Zoo

I went up, I went down  
I was buried, underground  
had my mind on the things  
all the things I didn't know

fa-fa-fa-fa-fading grace  
I-I-I can't find my place 2x

I was young, I was told  
I was waiting all alone  
let's get up, let's go out  
get my head back in the clouds

we stayed  
far too long  
I bet you knew it all the time  
but you never let us go 2x

fa-fa-fa-fa-fading grace  
I-I-I can't find my place 2x

we gave love, we got sorrow,  
about what we do in dreams  
walked over hills, talked over beers  
as if time had never been

we stayed  
far too long  
I bet you knew it all the time  
but you never let us go 2x
