

# Goodnight Moon

Go Radio

And don't go to bed yet love, I think it's too early  
And we just need a little time to ourselves  
If my wall clock tells me that it's 4 in the morning I'll give it hell

Cause I've been trying way too long  
To try and be the perfect song  
When our hearts are heavy burdens  
We shouldn't have to bear alone

So goodnight moon and goodnight you  
When you're all that I think about  
All that I dream about  
How'd I ever breathe without  
A goodnight kiss from goodnight you

The kind of hope they all talk about  
The kind of feeling we sing about  
Sit in our bedroom and read aloud  
Like a passage from goodnight moon

And sing for me softly love your song for tomorrow  
And tell me my name's the one that's hidden in there somewhere  
And dream for me anything  
But dream it in color about when all the suns still rising and we don't care

Cause I've been trying way too long  
To try and be the perfect song  
When our hearts are heavy burdens  
We shouldn't have to bear alone

So goodnight you and goodnight moon  
When you're all that I think about  
All that I dream about  
How'd I ever breathe without  
A goodnight kiss from goodnight you

The kind of hope they all talk about  
The kind of feelings we sing about  
Sit in our bedrooms and read aloud  
Like a passage from goodnight moon  
From goodnight moon

And there you were  
As I saw my Juliet come graceful down the stairs  
It's hard to miss the way her eyes light up the room and still the air  
Just feel her lips lock on to every breath I take and breath it in  
Do you feel us falling? Cause I feel us falling.

So goodnight moon and goodnight you  
When you're all that I think about  
All that I dream about  
How'd I ever breathe without  
A goodnight kiss from goodnight you

The kind of hope they all talk about  
The kind of feeling we sing about  
Sit in our bedroom and read aloud

Like a passage from goodnight moon (whoa)  
Oh goodnight moon (whoa-oh-oh)

And there you were  
I saw my Juliet come graceful down the stairs  
It's hard to miss the way her eyes light up the room and still the air

Do you feel us falling? Cause I can feel us falling.  
Do you feel us falling? Cause I can feel us falling.  
Do you feel us falling? Cause I can feel us falling.  
Do you feel us falling? Cause I can feel us falling.  
Do you feel us falling? Cause I can feel us falling.  
Do you feel us falling? Cause I can feel us falling.  
Do you feel us falling, falling, falling, falling, falling, falling, falling  
...
