

# Thanks For Nothing

Go Radio

And how does it feel to be the name that's on the page  
To know that you've joined the rank of all of the people I hate  
And how does it feel to be the one that's center stage  
To know that your just a face  
That started this horrible game  
I hear you saying that it hurts so much  
You never really thought it through  
I'm tying nooses and you know this ones for you

Well this is my song  
Saying thanks for nothing  
And these are my hopes  
Hope they gave you something  
And that was my world  
Being gone and forgotten  
And that was my girl  
And she was the best one  
You were a friend  
To the point of a brother  
And we had a dream  
That we had built on each other  
The moment was scarred  
But this flame is forgotten  
That was my girl  
And she was the best one in the world

And how does it feel to know you live your life afraid  
To know that you choke on shame for all of the lies that you'll say  
How it stopped at a kiss let's all hit rewind and repeat  
let's go back to the start and see  
Just how many drinks that it took for you to forget me and  
I hear you saying that it hurts so much  
You never really thought it through  
I'm tying nooses and you know this ones for you

Well this is my song  
Saying thanks for nothing  
And these are my hopes  
Hope they gave you something  
And that was my world  
Being gone and forgotten  
And that was my girl  
And she was the best one  
You were a friend  
To the point of a brother  
And we had a dream  
That we had built on each other  
The moment was scarred  
But this flame is forgotten  
That was my girl  
And she was the best one in the world

Oh my god, in the world  
I hear you saying that it hurts so much  
You never really thought it through  
I'm tying nooses and you know this ones for you

Well this is my song  
Thanks for nothing  
And these are my hopes  
Hope they gave you something  
And that was my world  
Being gone and forgotten  
And that was my girl  
And she was the best one  
You were a friend  
To the point of a brother  
And we had a dream  
That we had built on each other  
The moment was scarred  
But this flame is forgotten
