

Blue Sky

Go Sailor

Blue sky
Got my angel by my side
Never been up this high
With a heart that can see
I don't know what's come over me
I wish I could've known
That someday, that someday
I got all these stupid things to say
This was home to me once
But now i think I'll give it away
I'm gonna give it away
Somebody took me to the blue sky
Got my angel by my side
I've never been up this high
With a heart that can see
I don't know what's come over me
I wish I could've known
That someday, that someday
I got all these stupid things to say
This was home to me once
But now I think I'll give it away
I'm gonna give it away
Somebody got me to the blue sky
Got my angel by my side
I've never been up this high
With a heart that can see
I don't know what's come over me
I wish I could've known
That someday, that someday
I got all these stupid things to say
This was home to me once
But now I think I'll give it away
I'm gonna give it away
With a heart that can see
I wanna take you today
I wanna take you to stay
I wanna give it away
I wanna give it away
