Every Day

Walking around in the haze of loving you So tired, not used to this Not knowing what to do Am I smart enough to make you see If this is hard for you, then it's twice as hard for me

Oh, can I give my heart away Oh, can I do this every day This troubles me and I know it troubles you And the worst part is that I know you love me too

Trying to say it so you know that I'm sincere My love and my devotion, throw away my fear And if you're willing, then so am I How can you ever know if you never even try

Oh, can I give my heart away Oh, can I do this every day This troubles me and I know it troubles you And the worst part is that I know you love me too Go Sailor
