

Romantic

Goapele

Kiss my wounds, love me tender
Buy me flowers I've never seen
Wake me up from my dreams
Got to bring me French toast an' tea

In the morning light
Fly across country to spend the night
You said you'd steer a boat across the Atlantic

'Cuz you're so fuckin' romantic
I can't stand it
When I look in your eyes
Unconditionalness, sweetness uncompromised

You set the standard for many things
I wasn't sure what it would bring
You're so fuckin' romantic

Other men wouldn't call just to say, "I love you"
Take your time but I miss you
Is it okay if I see you?
I'll kiss you everywhere, anywhere

Damn sure, me
Please let this moment be
You're always tempting me

You're so fuckin' romantic
I can't stand it
When I look in your eyes
Unconditionalness, sweetness uncompromised

You set the standard for many things
I wasn't sure what it would bring
You're so fuckin' romantic
'Cuz you're so fuckin' romantic

'Cuz you're so fuckin' romantic
I can't stand it
When I look in your eyes
Unconditionalness, sweetness uncompromised

You set the standard for many things
I wasn't sure what it would bring
You're so fuckin' romantic

We say the same words at the same time
I start a sentence, you finish mine
Laugh at my jokes when I wanna cry
And when I feel lost

I look in your eyes
Even in front of your boys you wouldn't lie
You say, "I gotta see my baby tonight"

'Cuz you're so fuckin' romantic
I can't stand it

When I look in your eyes
Unconditionalness, sweetness uncompromised

You set the standard for many things
I wasn't sure what it would bring
'Cuz you're so fuckin' romantic

'Cuz you're so fuckin' romantic
I can't stand it
When I look in your eyes
Unconditionalness, sweetness uncompromised

You set the standard for many things
I wasn't sure what it would bring
'Cuz you're so fuckin' romantic

'Cuz you're so fuckin' romantic
'Cuz you're so fuckin' romantic
Kiss me 'til I'm frantic
