

Salvation

Goapele

I'm searchin for my salvation
Oh yeah
I'm tired of dragging
On and on
On and on
Day by day
Days with days ?
I can feel the pain
The world is resting on my brain
I can feel the hurt of a broken child
She's going insane
I pray that she'll make it home
Home Times have changed
But we can rearrange the ills?
Society has swept on my feet
Some words I can't even speak
Still pressin
Movin forward
Blindly
Without a trace
Lookin for a reason to go on
On I pray to an unknown God
Please reveal yourself to me
Cuz hope is sifting from my hands
Like lost time
I can't make believe
I won't make believe
I can't make believe
When I look into your eyes
Do you know me
I'm searchin for my soul
Searchin on
On
Praying on
On
Looking on
On
I am searching
I am praying
I am looking
Searching on
On
Praying on
On
Looking on
On
On
On
For my salvation.
