

# Dead End Love

Gob

1. While you skip the night, I stay up till 5  
We may meet again when semester ends  
So with all my might, I sit down to write  
Here lies precious pen failure to the end

R1: And while you were gone I let  
my sores out bleeding o-pen  
I was cold I was sold I met  
a road sign leading nowhere  
Doublecrossed and erased I  
let a monster run me o-ver  
I was lost don't know where there  
was a road-sign leading nowhere

2. When I got hypnotized recounted only lies  
Only fooled myself kept unsafe in hell  
I can't blame the scarecrows I get sad for nothing  
Introduce me to something that can move

R2: And while you were gone I let  
my sores out bleeding o-pen  
I was cold I was sold I met  
a road sign leading nowhere  
Doublecrossed and erased I  
let a monster run me o-ver  
I was lost don't know where there  
was a road-sign leading no-where

Come on!!!

R1: And while you were gone I let...
