

For the Moment

Gob

Go away I'm afraid with you there could be no escape I have no
faith,
I've seen truth and reason down the drain
but I cling to you for survival and I know that you are my bible
e
get out I'm scared, for the moment but I know you'll be there
well I'm scared for the moment but I know you'll be there
by the way things you say freak me out,
I go out of my head I feel no shame when I turn my back
and I walk away but I cling to you for survival and I know that
you are my bible
