Do you know what it is about you and me?

No one else is gonna blame the problems circling around you.

I don't know. I don't even want you around.

16. Centipede I see you're just like a centipede.

You move fast, but you just move along the ground.

I better stay away from you.

I've got some cherries but I'll keep them to myself.

Centipede you are a scavenger.

If you could, you would take my family.

I'll share but I won't share with you.
