

# I've Been Up These Steps

Gob

It was the worst time  
The first time  
It ever went sour  
Things fell apart too soon  
I was so let down  
I learned then  
To never go back  
I've been once  
Only once

Never reconnect to me  
It's better done, better see, whoa  
Sinking so I'll get out alive  
It could be the death of me  
Whoa

There's no reason to hold on  
I never fall down  
'Cause I never get dizzy  
It might be better  
Whatever  
It's nothing I can't wash my hands of, anyhow

Never reconnect to me  
It's better done, better see, whoa  
Sinking so I'll get out alive  
It could be the death of me  
Whoa

It's so useless  
So useless  
The burn'll be there  
I'm not foolin' myself  
I won't regret it  
Forget it  
I'll never go back  
I'm never comin' back  
I've been held (been held)  
Held down too long  
It won't hold very long  
I've been held (been held)  
Held down too long  
It's nothing that I can't escape

Never reconnect to me  
It's better done, better see, whoa  
Sinking so I'll get out alive  
It could be the death of me  
Whoa

It was the worst time  
The first time  
It ever went sour  
I've been once  
Only once

Never reconnect to me, whoa

It's better done, better see, whoa  
Sinking so I'll get out alive, whoa  
It could be the death of me  
Whoa

Never reconnect to me, oh  
Better done, better see, oh  
Never reconnect for me, oh  
It could be the death of me  
Whoa
