I never lost my head but I think I'll just go home now.
Yesterday I felt the same I guess I'll just believe her.
Just leave and you'll see.
Oi! Figure out what you say to me cuz I don't want to believe i
t.
Tell me why it's all the same and I keep going through it.
I never understood why you never would see the things I'd want
to see too.
Oi! never understood why.
