

You're Too Cool

Gob

i know that you're not too enthused you've got just me around a
ll night.
i'm totally boring i don't interest you at all to say the least
.
you think i'm made up of straight lines, always contradict myse
lf.
i'm not stupid, i'm not smart it's like i'm not even there at a
ll.
(i've) got to talk over sounds of people sucking face
and i've got nothing left to say.
i would take a stupid chance but i hear people sucking face...
i feel so out of place. why don't you treat me fair,
stick your nose in the air and act like i'm in the way.
i can guarantee you're as much a loser as me and you'll realize
one day.
on the way out of your life.
