

Arrival in the night  
Out of nowhere  
Telling stories about a butcher  
A living dead

I eat your flesh  
Take your strength  
Absorb your spirit  
I feel so strong

You're one of us  
Give in to it  
Eat or die  
Eat or die

No, he was licking my wounds  
No, he had his lips on my wounds

Stabbing, stabbing, stabbing, stabbing, i'll rip you to pieces  
My ravenous hunger becomes a craving for more

Ravenous, ravenous, bloodthirst in your eyes  
Ravenous, ravenous, i hunger for your flesh

Drowning in darkness  
You panic when life slips away  
You gotta eat  
If you wanna be one of us
