

False Pretense

God Module

Sing along with the shadows
Sing a song to bring about the end
Of your resistance
To the simple fact that you're dead
What did you have to believe in?
What can you say that hasn't already been said
What makes you any different than me
Other than the bullet inside of your head?

All your life was hit or miss
You lived under the false pretense
That you were so special
That you were someone
You are no one, just like me
Now you know what's after this
Beyond your grave, another false pretense
That you go to hell, or you go to heaven
You're going nowhere, just like me

Sing along with insanity
A rousing chorus of your defeat
Your actions unrealistic
Transform into another statistic
Did you think that it would change anything
This piece of metal inside of your brain?
Did you really think you had to die
To learn that things are
The same on the other side?

All your life was hit or miss
Living under the false pretense
That you were so special
That you were someone
You are no one, just like me
Now you know what's after this
Beyond your grave another false pretense
That you go to hell, or you go to heaven
You're going nowhere, just like me

You're going nowhere
You are no one
You're going nowhere, just like me

You're going nowhere
You are no one
You're going nowhere, just like me
