

Liquid Sky
Key to Heaven
The Milk of Paradise
That's what they used to call it

Forget what you think you see
And what you think you know
They're just memories now
You need to let them go

If you can't forget
Who you used to be
Then your words are untrue
And the things they mean

Forget what you see
Forget what you know
It's all that you need
Let yourself go
Living imprints that you melt in your mind
A nightmare extension of all that's left of time

Liquid Sky
Key to Heaven
The Milk of Paradise
That's what they used to call it

Forget what you think you see

"...Milk of Paradise
That's what they used to call it"

Forget what you see
Forget what you know
(They're just memories now)
Forget what you see
Forget what you know
(You need to let them go)

Forget what you see
Forget what you know
It's all that you need
Let yourself go
Living imprints that you melt in your mind
A nightmare extension of all that's left in time

Forget what you see
(Forget what you think you see)
Forget what you see
(And what you think you know)

Liquid Sky
Key to Heaven
The Milk of Paradise
That's what they used to call it
