Paralyzed

Godflesh

From birth to death, just a slave, From birth to death, what am I,

I can't believe in myself, I can't see past myself,

Why should I fight why should I fight, turn my back, Nothing can hurt me if its not real,

From birth to death, it's all the same

From birth to death, just a slave,

Nothing can hurt me if it's not real, From birth to death, what am I,

From birth to death, I'm just the same
