

## Us And Them

Godflesh

that's all there is  
just us and them  
no other way  
it's us or them

give it up  
or tear it down  
give it up  
or take it lying down  
give it up  
it's us and them  
give it up  
it's us or them

swear allegiance  
to your lord  
but all we really know  
is the way of the sword
