Inside You

I'm no reaching into you Everything you do Leads to my disgrace Show me your face

I can see myself inside of you I can see myself inside of you

What's beneath your flesh Hate you can't express I can trick myself Like everybody else

I see myself inside of you I can see myself inside of you

Look inside my head Imbedded with the knowledge Deep with in my skin That I will never know where to begin

Your image is above me Far and beyond my reach I stand alone and wait for you to teach

I'm obsessed with everything you do I won't stop till you say it's through

I can see my self inside of you Ican see my self inside of you
