Bad Religion

Godsmack

Get back!

Can you feel I'm not like you anymore I can't see I cant breathe See you quiver like the dogs on the streets Looking down on as I beat you

It's a bad religion from a broken nation It's a contradiction And I cant take it anymore

Whos to say I wont like you anyway Take a deep breath I'm alive Can you hear me I'm alive inside of you Agony creeps up behind you...

It's a bad religion from a broken nation
It's a contradiction
And I cant take it any fucking more

It's a bad religion from a broken nation
It's a contradiction

Can you feel it? I gotta live it with everyday I cant take the pressure, I'm goin insane Now go away! Go away!
