

Greed

Godsmack

Two faced!
I feel you crawling under my skin.
Sickened by your face.
By the way...
To think that your so fucking kind?
...You ain't!

Hard to find how I feel...
Especially when your smothering me.
Hard to find how I feel...
Please someone help me!

I knew when an angel whispered into my ear...
"You gotta get him away."
Hey little bitch!
Be glad you finally walked away...
Or you may have not lived another day.

Hard to find how I feel...
Especially when your smothering me.
Hard to find how I feel...
Please someone help me.

Hard to find how I feel...
Controlling me every step of the way.
Hard to find how I feel...
You greedy little baby!

Hard to find, to find the time, find the time, find the time.
Hard to find the time, to find the time, to find the time.

Yeah
Yeah
Yeah (7x)

Aaaah, yeah.

Haaaa,
Hard to find how I feel,
especially when your smothering me.
Hard to find how I feel,
please someone help me.

Hard to find how I feel,
controlling me every step of the way.
Hard to find how I feel,
you greedy little baby!
