No one can undo

On meridians of madness On the parallels of love We try hard, run from each other But our work is never done So we meet again (Amen) And we sigh again (Amen) Two of us No one can undo (Amen) So we touch again (Amen) And we dance again I know you, I know you, I know you! I believe on a hundred dance nights A thousand ribbons were lost in hay And we try to hide from each other But we learned too well to stay Someone told me, "Every lifetime We meet same circle of souls To say thank you or to say sorry And once again exchange our roles" So we meet again (Amen) And we sigh again (Amen) Because two of us No one can undo (Amen) So we touch again (Amen) And we dance again And I know you, I know you, I know you better than you do! There were times of total insanity Proof no use of any vanity When I get you down I heal you best I can But when I hit the ground Oh well, we'll meet again So we meet again (Amen) And we sigh again (Amen) The two of us

```
(Amen)
So we touch again
(Amen)
And we dance again
(Amen)
Because I know you, I know you, I know you better than you do!
So we meet again
(Amen)
And we sigh again
(Amen)
Two of us
No one can undo
(Amen)
So we touch again
(Amen)
And we dance again
(Amen)
I know you, I know you, I know you better than you do!
I know you, I know you, I know you better than you do!
```
