

# Dig Deep Enough

Gogol Bordello

Who would know better than us,  
pleasure seekers  
Than to meet inside of them,  
shamanic speakers

Where parties are very  
notorious notion  
And only the power of now  
beats the confusion

We who seek long enough  
Dig deep enough  
Stay strong enough  
Away

We who seek long enough  
Dig deep enough  
(Find a diamond in the rough)  
Stay strong enough  
One day  
(Oh yeah)

And who would know better than us,  
freedom fighters  
Who would they slip into  
all the igniters

And all of the cruelings  
you could never explain  
Are coming to rescue  
jumping on your brain

We who seek long enough  
Dig deep enough  
Stay strong enough  
Away

We who seek long enough  
Dig deep enough  
(Find a diamond in the rough)  
Stay strong enough  
One day  
(Oh yeah)

Ohh  
Aww yeah

We are the yudes(???)  
without yudes problems (???)  
Because we are the youth  
without youth problems

And only the ones who get to reach stratosphere  
Get to see sun  
when it's raining down here

Whyohh

Whyohh  
Whyohh  
Away

Whyohh  
Whyohh  
Whyohh  
Away  
(Ahh)

Whyohh  
Whyohh  
Whyohh  
One day  
Ahh
