

## Future Kings

Gogol Bordello

Sleep all the trays  
Kitchen supplies that are nice  
Sleep all X-rays...

Under your pillow there sleeps little mice  
And revolutionaries, they sleep with no compromise  
Don't sleep right now  
Only future kings  
They want romance  
They started their marketing - mama!

Sleep all the trays  
Sleep...  
Don't sleep right now, only future kings  
They want romance  
They started their marketing  
They started a web and graphic design  
Resource catalogues of porcelain
