

# Lost Innocent World

Gogol Bordello

Hey rejuvenation! The second wind  
When, when, when, when will it begin?  
Repatriation, what is my sin?  
When, when, when, when will my ship come in?

First I asked the sailor to sneak me aboard  
Bring me place my father showed me my first guitar chord  
Place where lie of second thought cannot survive  
Place where all my friends are still alive

Lost innocent world  
Lost innocent paradise  
Where did you go?  
I payed too high a price  
Lost innocent world  
Lost innocent paradise  
Once I get you back  
I'll never sacrifice

Da da da...

Then I asked every geisha from the willow town  
But nobody wanted to see death of a clown  
We danced Shanghai tango like no tomorrow jive  
When kung fu master found me, he asked me, "Are you still alive  
?"

Lost innocent world  
Lost innocent paradise  
Where did you go?  
I payed too high a price  
Lost innocent world  
Lost innocent paradise  
Once I get you back  
I'll never sacrifice

Da da da...
