

# The Other Side of Rainbow

Gogol Bordello

When the snow is getting heavy  
Trees just bend and let it go  
So how many, so how many  
Broken bones it takes to know?

So wake up, my principessa  
And don't let me out of your sight  
I've seen the other side of rainbow  
And it was black and white  
It was black and white

I've seen the other side of rainbow  
It was black and white  
It was black and white

The way to freedom, the way to freedom  
That I used to know  
Is in the deeper, is in the deeper knowing of my soul  
The way to freedom, the way to freedom that I used to know  
Ritmo lay, ritmo lay  
Ritmo lay the flow

When your enemy gets cruel  
Let them down, don't break him down  
And if you hear of something good  
Don't hold it back, pass it around!

So, wake up, my mamesutra  
And don't let me out of your sight  
I've seen the other side of rainbow  
And it was black and white  
It was black and white

I've seen the other side of rainbow  
It was black and white  
It was black and white

The way to freedom, the way to freedom  
That I used to know  
Is in the deeper, is in the deeper knowing of my soul  
The way to freedom, the way to freedom that I used to know  
Ritmo lay, ritmo lay  
Ritmo lay the flow

The way to freedom, the way to freedom  
That I used to know  
Ritmo lay, ritmo lay  
Ritmo lay the flow

Hey  
Ya-hey  
Ya-hey ya-hey

Hey  
Ya-hey  
Ya-hey ya-hey

The way to freedom, the way to freedom  
That I used to know  
Is in the deeper, is in the deeper knowing of my soul  
Is in the deeper, is in the deeper knowing of my soul
