Against The Grain

Golden Earring

Once I dreamt I was falling, like a feather from a tree The welcoming committee cheered, must have been a sight to see Right there in the middle of a sweaty night in Rome Someone showed a million feathers, how to be a bird on their ow n Though we never got to flyin', I was woken by the phone

I can hear it calling, get aboard the last train It's a one way goin' against the grain I can hear it calling, get aboard the last train It's a one way goin' against the grain

Once I thought I was flyin', had a taste of the witches seed Got me so excited, couldn't get back on my feet Then without a warning, soft whisper in my ear If you feel like playin' honey, let's go get out of here But we never got to playin', 'cause I passed out, out of fear

I can hear it calling, get aboard the last train It's a one way goin' against the grain I can hear it calling, get aboard the last train It's a one way goin' against the grain
