

## Are You Receiving Me

Golden Earring

If your circles could be spirals  
And your idols weren't machines  
If you could pick up all the signals  
And flash on where you've been

Maybe you don't feel it at all  
It's your own fault crawl boy, crawl!  
If you could quit the miming  
And try some different timing  
You could get a chance to be free

Are you receiving me  
It's the pilot's plea  
Are you receiving me  
Close to insanity  
Are you receiving me  
Recharge your battery  
Are you receiving me  
(or are you out to lunch)

If your prayers could all be answered  
And you were given time to pay  
The chances would be so heavy  
But you'd find a better way
