

## Dong-Dong-Di-Ki-Di-Gi-Dong

Golden Earring

Dong dong diki digi dong  
And your heart goes dong diki digi dong  
You gotta sing it, oh everywhere  
In New York City, Memphis, Delaware  
We'll sing it loud,  
And you'll be proud  
To sing it with me until eternity  
So you hear this melody  
Well sing it along and you'll feel free  
You feel uptight and upside-down  
Well sing it along and join me around  
Dong dong diki digi dong  
And your heart goes dong diki digi dong  
You gotta wear a pair of ugly old jeans  
To dance in California, Nashville, New Orleans  
You gotta swing and you gotta move me  
You gotta make me feel glad  
You gotta make me feel groovy  
So you hear this melody  
Well sing it along and you'll feel free  
You feel uptight and upside-down  
Well sing it along and join me around  
Dong dong diki digi dong  
And your heart goes dong diki digi dong
