

## Enough Is Enough

Golden Earring

Well, it's long ago, I ran into you  
A pair of lonely eyes and a pair of broken hearted shoes  
And then the other night, you were as cold as snow  
You kept your blue jeans on and I never heard you leavin' the r  
oom  
Woke up half past noon, I was alone in bed  
I could still smell your perfume  
Drifting through the smoke signals of your black cigarettes  
You gotta hold on me, straight to the bedroom  
When my nerves went cracking down in my knees

Enough, enough is enough  
If it's love, nothing's tougher than love  
Written on my shaving mirror, in lipstick blood colour  
Amigo, leave it alone. You gotta leave it alone

Pick up the telephone, start investigating  
You know that Cuban girl, with the Castro impersonation  
I've been checking around, with the revolutionary  
All I have is a mirror with a message and a memory  
You'll never understand, what comes over me  
When I read the lines, written on the face I see  
Tell her please,  
If it's love, I wanna know where she hides that love

Enough, is never enough  
Nothing can stop me now  
No one can stop me now  
I can't leave it alone, I can't leave it alone  
I can't leave it alone, I can't leave it alone  
No, no, no
