## **Gotta See Jane**

## **Golden Earring**

Red light, green light Speedin' trough the dark night Drivin' trough the poundin' rain I gotta see Jane Windshield, wiper splashin', splashin' Callin' out her name Just gotta see Jane

I left her arms to find my way To find a place for me in the world outside I wasn't alive, I could not survive The frantic pace The constant chase To win the race Turned my heart cold inside I gotta find what I left behind

Red light, green light Speedin' through the dark night Drivin' through the poundin' rain I gotta see Jane Freeway, byway Tearin' up the highway Runnin' up a world insane Just gotta see Jane

A ton of steel that isn't real It could not feel what's in the heart of me I was so alone in a world of stone I missed her arms, that once held me That made me see, I was the lonely one But now and then I was runnin' scared

And I could feel the touch of time Turnin' the wheel of life to yesterday When love and happiness were mine I gotta find that world of Jane and me Liked it used to be

Oh, I gotta see Jane, Oh, I gotta see Jane

Her love for me I pushed aside Walked out alone To face a world turned cold Although I tried I could not survive The frantic pace The constant chase To win the race It's not a part of me I've gotta find what I left behind

Oh, I gotta see Jane, I gotta see Jane
