

I Don't Wanna Be Nobody Else

Golden Earring

Somebody asked me funny questions
If you could do it all over again
Would you go for the same thing
And if you could be somebody else
Would you hesitate, would you go ahead and change
You're not an animal
But if you could choose from all the zoo's
Which beast would you be
I don't wanna be nobody else
I don't wanna be nowhere else
I wouldn't be with you
I wanna be with you
If you could be livin' in a different age
A different time in history
Would you buy a time machine
And if they vote you for president
Would you go to walk
A bigger walk or would you make amends
