

## Identical

## Golden Earring

I know night life, expensive price  
Is a dream you can't afford  
Miami satellite, treasure island in the ocean

Identical  
Identical  
Identical  
You know you know it  
Identical

Goin' after you crazy fun girl  
I've been there and I've seen it  
And it churns like a sacrifice  
Sing about it ain't easy  
Baby you got a shoulder  
Got a shoulder for all the tears you cryin'  
Shoulder to shoulder to the dinner  
Never lie

Moonlight twistin'  
Never see your DNA  
Blood for the daughter  
Human

Identical  
Identical  
Identical  
Identical

Drivin' in the streets and lookin' nice  
'Cause I love to breathe and wonder why  
Around the corner from paradise  
Once bitter, two times sharp  
And when I hold 'er  
When I hold 'er  
Yea, only dreamt' of Avalon  
You sit down and mess my time up  
Grab the bull that cries

Moonlight twistin'  
Never see your DNA  
Blood for the daughter  
Human
