

Lonely everyday

Golden Earring

She doesn't love him
She's running away
Wanna cry, have to be lonely everyday

All these tears are falling after you go another man
He will never love the way I did, I should love again
If she tells him bye I will forgive her yes, I will
I think I gotta go now, I'm feeling sad

Cuz that she told me
She told me no

All these tears are falling after you go another man
He will never love the way I did, I should love again
If she tells him bye I will forgive her yes, I will
I think I gotta go now, I'm feeling sad
