

## Love In Motion

Golden Earring

Oh, oh my love's in motion  
Yeah, you've got me on the run  
Yeah, yeah, yeah, baby 'cross the ocean  
That's where daddy points his gun

The truth comes out  
Your lies are never fast enough  
The truth comes out  
Like a pain in your sweet little ass dear

Take a ride on a slow train  
Take a good look at your memory  
Think it all over again  
Make a choice and make sure you've decided

Mmm..., my love's in motion  
You've got me on the run  
Yeah, yeah, yeah my love's in motion  
Everything's upside down

Two fine hearts  
They don't cheat, 'cause they're meant to last  
Two fine hearts, they bleed when they're torn apart  
Do not think I'm a bad boy  
Maybe just a little broken toy  
I've gotta thank you babe  
Before I turn around, turn around

Oh, oh my love's in motion  
Yeah, you've got me on the run  
Oh, oh baby 'cross the ocean  
That's where daddy points his gun

Yeah my love's in motion  
Oh, you've got me on the run  
Yeah yeah baby 'cross the ocean  
That's where daddy points his gun  
My love's in motion  
Everything's upside down
