

# Save The Best For Later

Golden Earring

I want you, yes I want you  
How come you don't want me too  
Like moonshine on silver water  
The sun will shine only for me and you  
I can't stop thinkin' about you  
Can't stop tryin', baby to escape the blues

No don't close your eyes  
You need a change of attitude  
Is it possible for a girl to face the truth  
It's a certified lie, works every time  
But I can't deny, that I'm crazed out on you  
Cross my heart, cross my heart

Well I can't buy you no roses  
Can't give you anythin' you need  
But I'm landslide and I'm comin'  
And well, you better get yourself prepared for it  
'Cause I can't stop thinking about you  
Can't imagine livin' a life without you in it

No don't close your eyes  
I wanna talk to you  
Is it possible for a girl to face the truth  
It's a certified lie, works every time  
But I can't deny, that I'm crazed out on you

Cross my heart, cross my heart  
I'm a qualified fool for you  
Cross my heart  
It's my dream and baby you're in it  
Cross my heart  
Hot sheets of satin  
And a fountain of pearls in the next room  
Oh it's so exaggerated  
Like a Chinese wall to wall, now

We'll save the best for later  
Always the best for later  
Just can't hide the fact  
That I'm all crazed out and I can't hold back  
A jewel in a crown and I'll find you one  
Any wish is my command  
Small-talk at the gambling table  
And you'll finally understand

We'll save the best for later  
Always the best for later  
Oh mercy mama, have some mercy and some faith in me  
Every night a secret sundown  
Whispers it to the breeze  
Nothin' special honey  
Only one more basic fact  
You make me talk like that

There's nothing in the world  
That can stop me from savin' the best for later [2x]

Always, save the best for later  
Always save the best for later
