Sellin' Out

Golden Earring

She just found out what it's all about She don't wanna be another face in the crowd Gets on her feet, starts walkin' out Looks like she's got herself some sense of direction now All the birds in the sky sing in harmony Sound-track to the title-roll of a success movie Featuring little miss make believe Everybody wants her nobody gets her It's part of the scheme

There's a shade of doubt, she's sellin' out I'm glad that she proved the fact There's still some a that balls around I'm on the couch, she's on TV Can't help thinkin' that she's laughin' right back at me Listen all listen here comes my favorite line I'll do anything just to save that career of mine All right I don't know what she's doin' Her feet are gettin' too big for her shoes But it sure beats the eight o'clock news Gotta admit it yeah yeah

You just found out what it's all about You don't wanna be another face in the crowd Get on your feet, start walkin' out Looks like you got yourself some sense of direction now Beyond a shade of doubt, you're sellin' out I'm glad that you prove the fact There's still some of that balls around Listen all listen there's a favorite lie I'll do anything just to boost that career of mine
