

# Skyscraper Hell Of A Town

Golden Earring

Can't tell the top from the bottom  
All your bad vibes I got 'm  
I'm workin' like a dog  
Just can't get ahead, no no  
Well, all I drink is water  
And all I eat is bread

Workin' like a dog, but I just can't get ahead  
I gotta room with a view made out of bricks  
I'm a pushover for all your pricks and dicks

I'm going up, I'm going down  
In this skyscraper hell of a town  
I'm going up, I'm going down  
In this skyscraper hell

My friends I double-cross 'm  
Live and die forgotten  
I'm sleeping like a log  
Sweating in my bed y'all  
And all I drink is water  
And all I eat is bread

Workin' like a dog, I just can't get ahead  
I gotta room with a view made out of bricks  
I'm a pushover for all your pricks and dicks

I'm going up, I'm going down  
In this skyscraper hell of a town  
I'm going up, I'm going down  
In this skyscraper hell of a town  
I'm going up, I'm going down  
In this skyscraper hell of a town

Skyscraper hell, skyscraper hell  
Skyscraper hell, skyscraper hell of a town

I'm going up, I'm going down  
Skyscraper hell of a town
